

Shetland Sheepdog Club of WA (Inc.)

CHAMPIONSHIP SHOW

JUDGE: MRS JEAN SMITH (NSW) – (JAYESS SHELTIES)

Judge's Critique

I wish to thank the club for asking and giving me the opportunity to judge for you.

The dogs I judged on this lovely day were outstanding. I found type, soundness, size and conformation to high standard therefore making judging both a pleasure and harder than I have had anywhere before, any of my placings could have been reversed as the standard of the dogs was so high. The younger dogs where of a high quality and you all have a great future with these exhibits.

Many thanks again for the lovely time you all gave me and for showing your lovely dogs.

Regards Jean Smith.

DOGS

Baby Puppy Dogs

1st. A sable and white puppy of good breed type, well balanced with correct head and expression, correctly shaped eyes, muzzle and ears. Good body shape, adequate bone and substance. Correct tail set, typical carriage and deportment. Moved well.

2nd. Another sable and white puppy of correct breed type, good planes of head, correct eye and ear placement giving that sweet expression. Adequately angulated and moved well.

3rd A sable and white boy he had the correct head and expression, good eyes, muzzle and ears. He had good body shape with substance, correct coat. Would have liked a little more reach in front.

Puppy Dog.

1st. This sable and white boy had correct planes of head, with good eyes, muzzle and ears giving the correct sweet expression. He was well balanced, had good bone and substance, with correct angulation. Good coat texture. He moved adequately but a little unsure of himself.

Junior Dog

1st. This Tri boy was of good breed type, had correct head and expression, correct dentition, good body shape with good bone and substance. Typical carriage and deportment. Good coat texture. I would have liked a little more drive when on the move.

Intermediate Dog.

1st. This Tri boy was good breed type, well balanced with correct head and expression, excellent body shape, good bone and substance, correct level topline with nice sweep. Good coat texture, moved adequately. Worthy intermediate in show.

2nd. A sable and white boy at top of height scale. He had correct coat texture. Moved well fore and aft. Had a level topline and good tail set. Would have liked a more refined head and sweeter expression.

State Bred Dogs.

1st. This Tri boy was good breed type, excellent body shape with adequate bone and substance. Typical carriage and deportment, correct coat texture, and head planes. I would have liked a sweeter eye and more reach on the move.

Australian Bred Dogs.

1st. A very good breed type, well balanced with correct head and expression, good eyes, muzzle and ears, correct dentition, excellent body with good bone and substance, level topline with a good sweep. Typical carriage and deportment. Correct coat texture. Moved correctly. A worthy challenge dog and runner up in show.

2nd. This sable and white dog was good breed type, with a good body shape, good bone and substance, correct level topline, correct coat texture, moved well. Would have liked a more refined head.

Open Dog.

1st. A sable and white dog of good breed type. He had a correct head and expression. Good body shape with adequate bone and substance. Good coat texture and moved adequately.

Veteran Dog.

1st. A sable and white dog of good breed type, well balanced with correct head and expression. He was of excellent shape with good bone and substance. Moved correctly and had correct textured coat. Would have liked him to have shown himself a little more, and use his neck and ears a little more. Worthy reserve challenge dog.

BITCHES

Baby Bitch

1st. Excellent breed type with correct head and expression, good eyes, muzzle and ears. Good body shape, good bone and substance. Correct light and effortless movement. Good coat. Very promising puppy a worthy baby in show.

2nd. Another promising sable and white puppy of good breed type with correct head planes and pleasing expression. Well angled fore and aft with good bone and substance. Well coated and moved well.

3rd. Another sable and white puppy of good breed type, with correct head and sweet expression. Adequate bone and substance, Good coat. I would have liked a little more reach in front.

Puppy Bitch.

1st A sable and white puppy of good breed type, well balanced with correct head and expression, good eyes, muzzle and ears. Correct dentition. Good bone and substance, correct coat texture. Would have liked a little more reach in front. Worthy puppy in show.

Junior Bitch.

1st. A sable and white girl of very good breed type, correct size, with correct head and expression, she had a good eye, muzzle and ears. Correct length of neck, good body and shape with good angulation which gave her a light and effortless movement. Good bone and substance and correct coat. A very promising girl. Worthy of Junior in Show.

2nd. Another sable and white girl with correct head and expression, good bone and substance, correct coat texture. She seemed a little nervous and did not move out well.

3rd. This girl had a correct head and expression, good eyes, muzzle and ears. I would have liked a little more length of rib which would have given her balance. She had the correct coat and moved adequately.

Intermediate Bitch.

1st. This blue-merle girl was of good breed type with correct head and expression, correct dentition. Very well balanced with adequate bone and substance, correct coat and colour, moved well.

2nd. A sable and white girl to top of height scale. She had a correct head and expression. Correctly angled fore and aft, good bone and substance. Well coated and moved correctly.

State Bred Bitch.

1st. a sable and white girl of good breed type, good breed type. Correct head with good eyes, muzzle and ears giving her the correct sweet expression. Good bone and substance. Level topline, correct coat texture. I would have liked a little more reach in front. Worthy State bred in show.

2nd. This girl was of good breed type, correct head and expression, good size and shape, adequately boned and angulated. correct coat texture. I would have liked her to have moved more freely.

Australian Bred Bitch.

1st. This sable and white girl was of good breed type, with a good body shape, bone and substance. She had a level topline and correct textured coat. Typical flat top skull, muzzle was a little chiselled. Correct ears and eyes. I would have liked a lighter more effortless movement.

2nd. This girl was of good breed type and of correct size. She had a sweet expression, good body shape with adequate bone and substance and good coat texture.

I would have liked more drive in the rear.

Open Bitch

1st. This sable and white female was of excellent breed type, she was well balanced with correct head and expression, good eyes, muzzle and ears correctly placed giving that all necessary sweet expression and correct dentition. Excellent body shape, very good bone and substance. Typical carriage and deportment. She moved with a light and effortless movement, her coat was of correct texture. A worthy challenge bitch and best in show.

2nd. This blue-merle was of good breed type, well balanced with correct head and expression. She had a good body shape with ample bone and adequate substance. She moved correctly and had correct coat texture and colour. A worthy reserve challenge winner.

Veteran Bitch

1st. A sable and white girl very good breed type, well balanced with correct head and sweet expression. Correct body shape with good bone and substance. Correct level topline which she held on the move. Good textured coat and moved light and effortlessly. A worthy veteran in show.

2nd. Correct breed type, good body shape with adequate bone and substance. A level topline, correct coat and moved well. Her head was a little deep through for me.
