**Aust. Ch. CHAJEN LITTLE KING**

# Aust. Ch. CHAJEN LITTLE KING

By Aust. Ch. Debnoral Borstal Boy out of  
Aust. Ch. Donallen Regal Lass (Georgie Girl)

*owners:* Charles & Mrs Jean Turton – CHAJEN Kennels

Aust. Ch. CHAJEN LITTLE KING or affectionately known to us as King is featured in this magazine.

Born 27-2-1973 he lived a full and complete life both as a pet and as show dog. He was much in demand as a stud dog, and produced thirty-nine good champions, too numerous to mention them all.

His show career was very successful, all the way through from baby puppy to Best of Breed to Best in Show.

He shared his wins in baby puppy and puppy with his litter sister, Aust. Ch. CHAJEN HEAVENLY STARR, another outstanding specimen of the breed. He won Challenges at Sydney, Melbourne and Brisbane Royals, Best in Show and Runner-up at several Bulldog Club Championship Shows.

His main problem was that he was being shown at a time when we had so many great dogs being shown, with these dogs fighting it out for supremacy week after week.

King sired his first litter at the age of eleven months and from this litter came:

Aust. Ch. DONALLEN MERRI MISS (dam: LODEJE FAREEN), winner of five Challenges at both Sydney and Brisbane Royals, and four Challenges at Melbourne Royal, numerous Best in Show and Runner-up at All Breeds level, as well as Best in Show and Runner-up at numerous Bulldog Club Championship Shows.

Aust. Ch. DONALLEN HUD, owned by Gordon & Mrs Roma Long, who was the top winning Bulldog in N.S.W. of his time.

NZ Ch. DONALLEN LORD MONTY, did fantastic winning in New Zealand as well as being in great demand for stud work.

From another litter out of CHAJEN LADY PRUDENCE, came Aust. Ch. DONALLEN MACGREGOR, owners Reg & Mrs Lorraine Collins of Queensland, or more commonly known to us as Peter, was top winning dog of his breed in Queensland, leaving his mark on the breed in that state, he has done his breeders and owners proud. From a litter out of Aust. Ch. KAYGEE ROSA, bred and owned by Mrs Kaye Claridge of Tasmania, come Aust. Ch. LACHTON SONAROSA, who certainly was top Bulldog in Tasmania in his time, although he is still being shown and winning, with him being at stud to approved bitches.

Many of King's Champions have left their mark in the dog world:

Aust. Ch. CHAJEN EDWARD BEAR  
Aust. Ch. KAMA LADY YORK  
Aust. Ch. CHAJEN JENNY'S IDOL  
Aust. Ch. CHAJEN DEE JAY  
Aust. Ch. WAWNHILL HECTOR

all of the above are well known to the Bulldog world.

To us a CHAJEN Kennels he was, and always will be tops and very close to our hearts. Through him CHAJEN has managed to keep our flag flying successfully. Not forgetting to mention Aust. Ch. DONALLEN REGAL LASS and Aust. Ch. DEBNORAL BORSTAL BOY, as without them we would not have been fortunate enough to have King.

King was taken to heaven in January 1985 and is sadly missed by all.

## EDITORIAL

It is with a certain amount of pleasure that I take great personal pride in writing this editorial for THE AUSTRALASIAN BULLDOG magazine, the successful culmination of many months of hard work, by both me personally and those all too few who submitted their copy for inclusion, which made this publication possible.

I must sincerely apologise for the delay in the printing of this magazine, but due to numerous mail strikes and other things, there were great delays in the arrival of copy, which held up the whole production. I only hope that everyone considers the finished article well worth the wait. During the production of this magazine I have had much fun and learned a great deal about printing, hard work and organising.

As there are few specialist breed handbooks being published in Australia, this magazine is a real feather in our cap, especially as, unlike most of the others, this did not receive any official support or sponsorship from any of the British or French Bulldog Speciality Clubs in Australia and New Zealand. This magazine is not just for the show person but everyone who owns and loves either a Bully or Frenchie.

This is by no means a new idea, as for sometime Mr Arthur Taylor had been wanting to assemble a pictorial history of the Bulldog in this country and combine the photographic results with a lecture on tape by one of the more prominent Bulldog fanciers. This brought about his request, in December 1962, to members of the Bulldog Club of N.S.W., Bulldog fanciers in general and any other persons having Bully photographs and paintings, to loan him any Bully miscellanea that they might possess. He realised that a project such as that would take some time to complete, but the resultant information, both photographic and written, would have been of undoubted interest to the new and old exhibitors alike. The support so essential for the success of any project such as that was practically non-existent, although Mrs D. Partridge, one of our own renowned and highly respected breeder/judges, who always comes to the fore with help on what she considers to be any worthwhile project, allowed Mr Taylor to photograph some of the fine paintings and photographs from her collection.

Mr Wes Stacey, after spending ten months in England and Europe trying to meet the older breeders still alive at the time, and with many offers of written articles and support from England, on his return, in 1969, tried unsuccessfully to get an Australian Bulldogger, with so much to offer our people here, into publication, without one positive reply from any Speciality Club.

Being very familiar with my aspirations to compile a history of both breeds in this country, Evan & Mrs Lyn Mathieson told me that they had begun publishing their own specialty magazine, The Australian Chihuahua, as they felt the need for such a publication in their own chosen breed. This prompted me to make enquiries to a number of printing firms with reference to the actual cost of having such a publication printed. Surprisingly, only one printer, Graphic Service Co. Pty. Ltd., bothered to reply, who I am grateful to for advising me so fully on the printing processes, which were all so new to me. After seeing that the magazine was in fact viable, I set out to bring it into creation. Thanks for the initial help and inspiration I hope that the finished article will meet with your approval!

I must thank all those who have helped with advice and contributions of copy, without their gracious, and sometimes unwitting efforts this magazine would not have been possible. On the last page there is a list of those who helped me with support and advice, to whom this magazine is dedicated.

This is the perfect opportunity to give an idea which I have had since the moment I first stepped on the scene a plug. I would dearly love to assemble a hard cover book on the History of British and French Bulldogs in Australasian, but for this I need contributions of old photographs, pedigrees, news clippings and interesting articles, such as those on the cover dogs of this magazine, of early imports and any influential Australasian Bullies and Frenchies. Please feel free to submit an article with a brief history of YOUR involvement with these delightful breeds.

Please do not borrow this magazine. Buy your own copy and help to make it possible for THE AUSTRALASIAN BULLDOG to reappear in the near future.

Lyndsay Kruse.

Club meets fourth Monday of the month at Punchbowl Park Pavilion Viola Street, Punchbowl at 8pm.

The French Bulldog Club, one only in Australia and since gaining affiliation with the R.A.S. Kennel Control, has gone from strength to strength, with membership getting close to the one hundred mark. The increase from the Parade of seventeen Frenchies in May 1984 for UK judge Miss Shiela Cartwright to the inaugural Open Show in October 1984 judged by Mr Arthur Taylor, when fifty Frenchies took part, was very encouraging. The entry would have been higher if we had more interstate exhibits making the trip, besides one of our leading Frenchie exhibitors had the misfortune to have four of their dogs die from a mystery illness which also affected some of the other exhibits' show condition.

The Club hopes to hold its first Championship Show in May 1986, as by R.A.S. Kennel Control rules, it must hold three Open Shows, the third to be October 1985, before Championship status will be granted.

The Club is building up a trophy list for serial and memorial competition, the first donated by Mr Eric Hatherley; The EDWARD BEAR Trophy for Best Baby Puppy. The RAINSFORD Trophy for Best Exhibit, donated by Ken & Mrs Jennifer Prien.

The BERTIE Trophy for Challenge Dog, donated by Beth Reid-Mitchell.

The LUCILLE Trophy for Best Minor Puppy, donated by KAMA Kennels.

The PETITE NICOLA Trophy for Best Puppy, donated by KAMA Kennels.

The LITTLE LOUIS Trophy for Best Junior, donated by KAMA Kennels.

The Club has a monthly newsletter, line drawings of faults and virtues of the breed and many experienced people willing to advise on different aspects of the breed.

This Club is for everyone who loves this delightful little breed, as we already have many members with other breeds, who love these little characters and no doubt will be an owner when puppies become available.

Remember, be like the Frenchie ... be friendly.

Submitted by the French Bulldog  
Club's public relations officer,  
Mrs Dulcie Partridge.

# CH. SANSATCHE SOLO SUN

By Champion Strawbyn Solo - From Champion Enanbe Gidget  
Brindle (imp. U.K.) Fawn (Q.)

Solly was whelped in 1973, one of two pups we had managed to save from a caesarean birth. We had high hopes for them, as they did look to be quality babies. As they grew we could see that the little bitch was lovely, but it was the dog that took everyone's eye first. He had the habit of standing up as if to say, "Here I am, look at me."

They went to a couple of Parades where they did nothing spectacular, but at least it was experience.

At just six and a half months we took them to the Melbourne Royal. We had an American judge, who was setting everyone in a tizzy by expecting a most intricate workout. However, they came through with flying colours, taking both Challenges, Solly getting B. of B., and we were off.

By the time he was twelve months old he had gained 5 Puppy in Group, 3 Puppy in Show, 2 Best Exhibit in Group, 1 Best Exhibit in Show, and his title before he was eleven months old.

As a Junior he chalked up 6 J, in Group, 2 J in Show, and in Intermediate 4 Inter. in Group, 2 Inter. in Show, and 1 Best Ex. in Group.

We had a number of overseas judges at that time, and it was pleasing to win under them.

He was an absolute joy to show, going in the ring as if he owned it, but he would stand set up looking alert and interested for as long as one wished him to do so.

He would show as well in pouring rain as bright sunshine, however, if it was hot he was not so keen. He would show himself off alright, but very quietly and gently you would find him backing himself out of the ring, just a step at a time, hoping one would not notice.

At home he was a clown, but still had to be top dog. He had that inborn "something" that makes a good show dog an outstanding one.

He won the Melbourne Royal Best of Breed in 73, 74, 75 and 76, and in Sydney 74, and 75, the only years we showed him there.

Late in 1975 he sustained a very painful back injury. He had never been hurt in his life, and we think the shock was partly the cause of him developing Diabetes Insipidus. From then on he had to be on a very controlled diet, as he tended to gain a lot of weight.

We gave the Royal a miss with him in 1977. There seemed to be something not quite right with him which could not be pinpointed, and we only showed him lightly after that. One morning he bloated badly, when the Vet operated he found that his spleen was about four times the normal size, so it was removed. He recovered well, by then he was six years old, almost back to his old self, and we were looking forward to moping up some veteran classes a little later.

However, one month before his seventh birthday he received an eye injury, being a Sunday he was taken to an emergency vet, who despite our warnings, lost him as a result of the anaesthetic.

He took a large part of our hearts with him.

His father helped to put Frenchies on the map here with his stock, but I think Solly was the one who got judges to look twice at French Bulldogs in the ring.

K.A. Parlett

# CH. SORAYA DEMOCRAT

25.6.54 – 27.12.57

sire: Ch. Melvick Resolution.  
dam: Ch. Kama Queenie.  
*bred and owned*: G and W Stacey  
Colour: Fawn and White.  
Weight: Usually 64lbs – never heavier.

## **Pedigree Background:**

A linking of the greatest English Blood-lines, Maelor and Allithorne. Ch. Melvick Resolution was sired by Ch. Wise Guy of Wiggin (Imp U.K.) which was imported to Australia by Mr and Mrs Len King of Melbourne, out of one of the greatest brood bitches known – Victoria of Nevertire, which produced many truly great dogs to different sires. Wise Guy, known as Jimmy, was sired by English Champion Maelor Solarium ex Eng. Ch. Easter Sensation of Wiggin – both being top winners in England. Ch. Kama Queenie was by Ch. Buckchase Superb (Imp U.K.) one of the early post war imports to N.S.W. – he had one of the greatest heads I've ever seen; she was out of a very basic bitch Ronkanna Lady Gay, which was line bred to the great English import in Queensland Ch. Toydom Seftwick Snowman.

## **Some Show Details:**

Best in Show Wins: 31

This total was equalled by Ch. Soraya Diplomat and Ch. Portfield Monarch (Imp U.K.) and beaten by Ch. Wybong Just Hooper.

Attained Championship title in 4 shows with maximum of 25 points at each show.

In 1957, Democrat's wins were such, that he was awarded "Dog of the Year" a nationwide competition conducted by the Truth Newspapers whose correspondent, All Breed Judge, Mr Tom McGorien collated wins from each State.

## **Progeny:**

Number of studs: 6.

Most Successful litter out of Bob and Eunice Savage's Ch. Egavas White Lady, which produced the great bitches Ch. Egavas Lady Democrat and Ch. Egavas Lady Jane.

Another litter produced a great bitch Ch. Cherylyre Blondie and her winning brother Ch. Cherylyre Rajah.

## **Critique**

A magnificent heavyweight; fawn and white perfectly balanced. Extremely wide between the canines which form part of a complete underjaw, which excels in sweep and turn-up. Layback perfect, culminating true balance of forehead to skull which are in ratio of approx 4½ to 5 respectively, forming a very determined expression helped by correct flews and dewlap. Skull approximately 24½" in circumference – great depth and length. Ears, correct rose shaped, although a little thick in texture. Neck, well arched and adequate joining head to very typical and substantial front and shoulders. The wide flat skull is furnished with fine wrinkles. Bone is very heavy, but not cumbersome – chest well let down between the front legs with abundant brisket. Excels in spring of rib with magnificent depth of ribs which extend at least ⅓ of the total body length. Well tucked-up towards the loins, very correct roach with tail set very low. Hindquarters fine in comparison to the front, stifles well let down. Moves wide and true in front and hindquarters roll typically.

Faults: coat slightly dense but not long; could be slightly shorter in coupling and ears could be thinner.

W.R. Stacey

## IN APPRECIATION:-

A most sincere thank you for the success of this magazine must be extended to;

Mrs J.C. Brigstock and Barry and Mrs June Cook, for their personal support and advise during my first couple of years in the breed.

Mrs M. Reilly, Miss Salina Chan and Keith and Mrs J. Smith for encouragement with the magazine when I needed it most.

Evan and Mrs Lyn Mathieson for directing me to the right printing firm.

Mrs Jean Turton, Mrs Kath Parlett and Mr Wes Stacey for their interesting articles on our cover dogs.

Mrs Kay Goulding for obtaining some very interesting photographs.

Mrs Dulcie Partridge for her help, as she always does with any project which she considers to be worthwhile.

Mrs Roma Long, Mrs Bev O'Hara, Mr Tony Rothwell and Mr Wes Stacey for promoting this magazine and encouraging a number of others to include their copy.

All the contributors for their copy, without which this magazine would not be possible.

Everyone who purchases a copy of this magazine.

To all these and anyone I may have overlooked, THANK YOU.

a photograph submitted by  
Mrs Dulcie Partridge of  
Mr and Mrs Savage's  
lovely dog.
