BEST IN SHOW - GR CH. MYMOOCH JUDGES QUEST - M. & E. Edwards

RUNNER UP BEST IN SHOW - SUP CH. GAMEGUARD INNUENDO - B. Turner, G. Sparham

**The Bullmastiff Club of Queensland
8th National Bullmastiff Specialty Championship Show**

20th May 2023

Mrs Amanda Warren - UK (Allwatcha & Copperfield)

*Thank you to the Officers and Committee for inviting me to judge this lovely show.
What an amazing setting and how fabulous a set up.*

*You can see the dedication and hard work of the officers and committee to not just put on a show
but to make this an outstanding event and I have been truly honoured to be invited to be a small part of it.
What an incredible array of prizes, trophy's, rosettes and awards.*

Thank you to all the exhibitors for being so sporting with my decisions and so welcoming.

*I was very happy with the overall quality of my entry. I had some classes where I had to make difficult decisions and
places could be swapped on other days. I found a depth of quality especially amongst the bitches. I am pleased to say
I found a lot of good fronts with a depth of brisket that I have seen lacking elsewhere, lots of lovely profile movement
showing good reach and drive. Such amazing temperaments, so many very happy bullmastiffs enjoying their day out.
All exhibits were shown in fabulous condition in both muscle tone and coat condition.*

*Although my top honours went to the male Gr Ch Mymooch Judges Quest, the bitches were so strong 3 or 4 of them
could easily exchange places on any given day and I would happily take any of them home for Bill to campaign,
along with a certain brindle puppy. I do feel that a lot of my winners could also compete strongly in the UK.*

*On my final note I would like to say a massive thank you to everyone involved, the committee, my stewards,
my chaperones, the exhibitors, the bullmastiffs, what a fabulous entry, friends both new and old for making my once in a
life time experience so fantastic. I hope you could all see that I had an absolute blast and loved every moment.*

BABY PUPPY DOG 5/5

What a fantastic class full of promising baby puppies all striding out with confidence in new surroundings. In the UK we don't have this pleasure, it absolutely brought a smile to my face.

1ST BULLMIGHTY REACH OUT RICHARD - Bullmighty Kennels

12 week old red brindle extremely promising puppy, full of confidence, beautiful expression, dark eye lovely ear placement excellent confirmation for age with good shoulder placement and showing fore chest, lovely little mover.

BABY PUPPY IN SHOW

2ND REMYK NEVER SURRENDER - R. Morgan

Another 12 week old puppy with excellent pigmentation, typical expression and dark eye, good ear carriage, fabulous topline, moved with confidence, could swap places with 1st at any time.

3RD BULLMIGHTY RUNNIN OUTA DAYLITE - Bullmighty Kennels

Dark brindle of 12 weeks old, another confident puppy, lovely expression, dark eye and good ear set, with a decent front assembly. Slightly wet in neck and just rising up toward the rear, moved well.

4TH FIREBULL KIA ON FIRE - A. McLaughlin

Fawn 13 week old puppy with nice expression and dark eye. Slightly larger ears, a little stockier in build. That topline needs to settle at the moment, a lovely confident puppy that moved well.

5TH NIGHTHUNDER MEMPHIS BLUE - P. & G. Slaughter

Oldest in the class a clear fawn, lovely free moving puppy. Top line needs to settle, slightly low set tail, would prefer more bone at this age.

MINOR PUPPY DOG 3/3 *Hard class to judge.*

1ST KONDA SOUTHERN JAY - C. Rahurahu

Clear fawn of 7 mths, good expression, good bone, good mouth. Excellent well developed front, good spring of ribs. Rear needs to catch up with the front in development. Moved ok.

2ND BANOBRAE RIDE THE LIGHTNING - C. Hopkins

Brindle 8 mths old, lovely brindle markings but up on stilts at the moment so lacking depth of chest and straight on the rear angles. Lovely expression with good dark eye, good ear placement. Moved ok.

3RD FIREBULL THUNDERSTRUCK - A. McLaughlin

Red, 6 mths baby of the class, nice expression with good pigment but slightly light in eye for me. Topline and tail set need to improve. Once settled moved better and freer.

PUPPY DOG 2/2

1ST BULLMASTER THE SUNKING - C. & H. Thomas

*11mth clear fawn with excellent pigmentation. Dark eye with pleasing expression, good stop, would like more width of muzzle. Lovely front with some depth of chest and good shoulder placement, straight front, strong pasterns, cat like feet. Shorter in back than 2nd so a more pleasing profile. Moved out well, coming and going good. ***PUPPY IN SHOW****

2ND BROOKPARK THE KINGSLAYER (Imp NZ) - B. Turner, G. Sparham, R. Dalglish

Fawn with good pigment, lovely head and expression, preferred his head to 1st place. Good reach of neck, slightly soft in topline, a little long in body at present, decent height. Moves ok coming and going.

JUNIOR DOG 4/4

1ST CH. COSTOG KILLERTONS GUARD - R. Oma

Fawn dog good head with pleasing expression and dark eye, broad underjaw, good reach of neck and a decent front with a well let down chest, good spring of rib, strong pasterns and cat like feet, well muscled throughout, moderate rear angulation, good topline. Would like a bit more size. Beautiful on the move with excellent rear drive and front extension.

JUNIOR IN SHOW

2ND NIGHTQUEST STAR KINGDOM - M. & E. Edwards

Red dog beautiful head and expression with dark eyes, lovely pigmentation, broad skull and muzzle, if a little short. Well proportioned throughout with good angles, well let down chest and good pro sternum, a little soft in topline at the moment. Moves well, would just like more enthusiasm.

3RD AFTRSHOK MIRACLES DO HAPPEN - J. Bradley

Red dog with good head proportions and pigmentation giving a pleasing expression with dark eyes, firm topline, but a little upright in shoulder and a fraction narrow at the moment but only a youngster. Good reach of neck, moved out well.

4TH BULLMIGHTY PERMISSION TO DANCE - Bullmighty Kennels

Red dog broad head but very shallow in skull and I would prefer a better stop. Deep chest and good spring of ribs, straight front. Well muscled, good topline on the move, not as outgoing as the others today.

INTERMEDIATE DOG 4/4

1ST CH. SALIERI BOSTON LEGAL - M., V. & D. Yates

Clear fawn, good pigmentation and dark eyes. A clean head with a pleasing expression, square skull, broad muzzle, an excellent reach of neck, well set shoulders which gives him an excellent pro sternum, strong pasterns. Well balanced, excellent rear angulation. Tight feet, tail a little short. On the move good reach and drive, tremendous profile movement, a joy to watch. Reserve CC Dog.

2ND CH. RKS BOSS MAN - A. McLaughlin

Fawn broad skull and good head proportions, dark eyes, good pigment. A dog of good substance with nice width in hard condition, well muscled front, very masculine. Lacked rear angulation, nice tight feet, moved ok.

3RD BULLMIGHTY LIL SHOP O HORRORS - Bullmighty Kennels

Fawn dog, good pigmentation. Slightly long and narrow muzzle, not the head for me. Broad through the body with a good spring of ribs, excellent rear angulation, hard condition, good topline on the move, but a little close front and rear holds.

4TH CH. BULLMASTER BLUE DA BA DEE - D. Simmons, K. Howard

Red beautiful head with kind eyes giving that typical expression. Hard condition, short in loin. A little leggy at the moment and his croup not his fortune, slightly short stepping on move. Lovely nature.

Red boy 12 months old, square head with dark eye. Good mouth, beautiful head and expression if a little short in muzzle. Square dog broad through with good angles front and rear. Moved well with good reach and drive. Happy nature.

AUSTRALIAN BRED DOG 5/5

3 year old fawn. This boy took my eye when he came into the ring. Has that look at me quality. Loved his square head, broad muzzle, good stop with correct pigmentation with dark markings around his dark eyes that give you that typical bullmastiff expression. A strong square well balanced dog with good angulation front and back. Lovely front construction with strong pasterns and tight feet. Good depth of brisket that is well let down. Strong level topline, good spring of ribs and correct length of loin, with correct tail set. Well muscled hind quarters and second thigh. Moved with power, good reach and drive. Lovely temperament. Shown in hard tiptop condition.

DOG CC, BEST IN SHOW, AUSTRALIAN BRED IN SHOW

Slightly long in back but has a good level topline, well angulated and strong in pasterns and hocks. Lovely movement in profile with good reach and drive. Hard muscular condition.

3RD CH. FYNBULL IM NO ANGEL - M. & A. O'Callaghan

Red boy beautiful head and expression. Good front with well let down chest, broad through body, very powerful front end, good rear angulation, topline let down by his croup. Much to like about this boy. Moves well.

4TH CH. BLAQVEIL LORENZO SAINT JOHN - N. Hooper, T. Szentes

Fawn good expression and excellent pigmentation. Good front with correct shoulder placement giving him a lovely pro sternum. Slightly weak on hocks, moved a bit close front and back.
