6. Business From previous meeting. John Williams Judge, USA Judge, Breeder Complaint.

The request to have John Williams moved from National Judge to Championship judge was requested by L. Perrett in a previous meeting, after that meeting conversations were had with Ulla Greenwood and Rob Harrison to check if it was possible to make such changes as well as check that the club when making decisions is doing so correctly, Ulla Greenwood pointed out that the legal side could result in legal action from the contracted judge, and the contract would need to be resubmitted. It was then advised to L. Perrett that the judge was not going to have his show changed due potential legal concerns. This was followed by defamatory by M. Lloyd and abusive correspond from L. Perrett, Following this R. Harrison was contacted to check the club is running everything the way it is to run, this was confirmed that this is correct that it is the way it is conducted and confirmed that the Judge should not be changed as the majority had already previously voted to use the Judge for the National show

Breeder complaint: L. Perrett asked for a complaint to be lodge to the national Breed council about another breeder, this was completed. National breed council replied by advising it is not something that is in their scope.
