- National Breed Council

Vote of no confidence – The voting options for this was heavily contested and questioned as to the correct procedure due to conflicting arguments around interstate members voting, members voting at multiple clubs, voting via email and voting via a show of hands in the zoom meeting. The emails sent in for voting was requested to be sent to all members from T Albrecht, to which the secretary decline due to confidentiality, secretary then read out all the dates and times in which the emails were received. Email votes without interstate was 11 votes for the vote and 7 against. With interstate

emails it was tie 11 a piece. The issues was then raised that these members would not normally be able to vote as they would not be able to attend, the constitute was then referred to with it stating that vote is to be conducted via a show of hands. Resulting all members that were logged into the meeting and could be identified called out their vote. Final result of 10 votes for the vote of no confidence and 7 against it.

Motion from Tasmania in relation to the vote of no confidence. It was decided via the vote that QBC supports the vote of no confidence.

Acceptance letter of the NSW country British bulldog club. The acceptance was discussed and question as to how a club that has just been created and has not yet functioned with meetings, shows etc has gained automatic acceptance to the National Breed Council. Members discussed concerns around the fact that NSW now has 3 votes at the National Council and for the already existing clubs this could mean a financial struggle. The constitution was questioned and C Smith stated that she research this and there is no rule stating the amount of clubs per state, nor having to run for a particular amount of time prior to join the National council and that all ANKC affiliated club are entitled to automatic acceptance to their National Council.

ANKC Breed Council Meeting Cancelled. The concern around the National British Bulldog Councils action in relation to the ANKC was discussed. The concern was around the ANKC letter stating that the meeting was cancelled due the BB national council seeking legal action. C Smith argued that a retraction letter was sent from the council stating that they were merely seeking advice not action. Members decided that the club would write a letter to be submitted to the National to be forwarded to the ANKC stating our clubs concerns around the meeting be cancelled. Letter to also ask for the National to contact other national councils to ask for their supporting contacting the ANKC for the meeting to be rescheduled for 2020. It was quoted by C Smith the last ANKC national breed council meeting was in 2015. Vickki to draft the letter for member approval.

Health scheme – The health scheme sent out via the NSW club for National review will not be included in the August National meeting due to the august meeting being a special meeting and solely for the discussion of the vote of no confidence.

Voting Process – A motion to be sent to the National Council to have the constitution reviewed to have a point in relation to members only voting at their residing club. Lucas and Vickki to write the motion letter for members to review before forwarding to the National Council.
