John Williams contract back and signed slight modifications made to Subcontract arrangement, French bulldog agreement judge we are sharing to judge us last. (L. Perrett Objection) despite this judging being approved for the national feels the interstate members won't come as he judged in Australia 10 years ago. No other members present have a problem with this. Look into the possibility of changing John Williams to championship show, already contracted to the National.

Second Judge from West Coast USA cost difference Approx \$1000 based on flight costs for the same time this as the show would be this year in relation to using a judge from WA, SA or TAS. All present agreed for the second specialty show to use one of the USA judges below. The following 3 judges had been contacted at part of determining if it is viable and all 3 are willing to judge the show. Michelle Quesada, Link Newcomb & Jeff Ryman (Jeff's wife also judges Bulldogs)

Moved_____T.Cumner Second D. O'hara

L. Perrett blocked the selection of the USA judge debating that a proxy vote was to made available to all members????? T.Cumner expressed concern that this is not correct. Vote put on hold vote to take place on Saturday 16/3/19, members to be given option to vote in person or use of proxy?? T.Cumner to put proxy vote together.

- Complaint - See appendix 1: L. Perrett lodge a complaint to DogsNSW with regards to S.Edmonds potentially breeding a dog with a heart murmur and being well aware of the condition, the issue was rejected by DogsNSW. L.Perrett wish for the club to lodge the complaint to the National breed council. S. Edmonds has provided a vet certificate stating the animal in question is fit and healthy, L. Perrett stated that he has a heart

ultrasound completed by a cardiac specialist stating the bitch had a heart murmur. L.Perret was asked again to clarify that the report he has has be done with an ultrasound by a specialist, not just a stethoscope by a local vet, L. Perrett confirmed this is true, based on this the majority agreed the issue is to be referred to the National breed council as agenda item for the next meeting. T.Cumner to forward to National Breed Council

Appendix 1:

Dear Executive Committee Members,

It has recently brought to my attention that a dog, that was sold to me in the first instance and subsequently returned to the breeder in New South Wales with a grade 2 heart murmur, was recently used for breeding. At least one of the progeny of the litter has been sold to a show and breeding home on main register. I also don't personally believe that the health status of the dam has been disclosed to this person.

I have taken this matter up directly with Dogs New South Wales and provided what I believe to be sufficient evidence of prior knowledge of the bitches condition, yet the complaint has been quashed by the disciplinary committee in New South Wales stating the contrary.

I would like this matter addressed as it involves not only a breeder with an extensive and successful tenure within British Bulldogs, but who is also a qualified All Breed Judge who judges both here and abroad. I feel her actions fly in the face of everything that is trying to be achieved through the promotion of healthy brachycephalic breeds (in particular bulldogs) in Queensland and nationally, and sets a very poor standard of adherence to the Code of Ethics in relation to breeding both in New South Wales and nationally.

As someone at the pinnacle of our sport I feel that there should be no special treatment because of their tenure or standing, as I believe is being extended in this situation. In fact I feel that they should be held to a higher standard as they are the leaders of our community and they are the individuals that should be promoting and educating the importance of the adherence to the highest of standards to the newer people in our sport. Her actions simply bring the reputation of British Bulldogs both domestically and internationally, as well as over all reputation of Purebred Dogs into disrepute.

I have attached the correspondence that I have had with Dogs New South Wales, and are presently awaiting a response to my final email asking for clarification. I have also attached the evidence that I had presented to them for your consideration.

You will note that the dog that was used at stud is owned by our Secretary, Tricia Cumner. I do not believe that Tricia is liable in this matter as after a brief discussion with her the health status of the bitch was not disclosed to her and I believe she performed her due diligence in relation to providing the stud.

As I am sure you are aware as an individual I am unable to refer this matter directly to the Australian National Kennel Council, National Breed Councils and National British Bulldog Breed Council. I am requesting that this matter and the attached evidence be referred to the National British Bulldog Breed Council and the Australian National Kennel

Council via the correct channel and process. My understanding is that this is via the club as the Queensland state representative on National British Bulldog Breed Council.

Could this please be put on the agenda of the upcoming club meeting, scheduled for the 02 March 2019.

Kind Regards

Code of Ethics Violation

Dear Dogs New South Wales,

I am writing to inform you that one of your members has violated article 6 and 7 of your code of ethics.

6. A Member shall breed only with the intent of maintaining and/or improving the standard of the Breed and the health, welfare and soundness of their dogs having regard to the following:- (i) by being the holder of a financial ANKC Registered Prefix; and (10/17) (ii) by striving to eliminate hereditary diseases within their dogs and their breed. (iii) that the health, physical welfare and fitness for function of dogs is of prime importance, and (iv) that a Member shall make every reasonable effort to ensure that dogs bred by them do not suffer from any disorder that impedes their sight, breathing or ability to move freely or which is otherwise detrimental to their comfort and well being.

7. A bitch shall not be bred from unless it is in good health and has reached adequate maturity and, in any case, no matings shall be permitted before the age of 18 months for bitches of Breeds specified in the Schedule of Adequate Maturity for Giant Breeds below or before the age of 12 months for any other bitch. Any litter resulting from the mating of a bitch under the minimum specified age at the time of mating is only eligible to be registered on the Limited Register and flagged "not to be upgraded to the Main Register".

The violation relates to the breeding of a bitch with a veterinary diagnosed heart murmur.

The bitch in question was bred under the prefix BRATRICE, which is owned by Sharon Phegan Nee Edmunds.

As per the attached documentation the bitch BRATRICE TASTE THE RAINBOW (Registration No: 2100467209) was bought by myself in 2017, upon arrival in Brisbane she was examined by our vet and deemed to have a heart murmur, we reassessed at 12 weeks and the murmur was still present. It was at that time we began proceedings to return the dog to Ms Phegan. At her request we supplied two vet reports to her stating that the dog did in fact have a murmur which was gradable and this posed a risk to breeding her in the opinion of our vet.

The dog was re-homed to a family on the Gold Coast by arrangement of Ms Phegan.

We were recently made aware that this bitch had been bred when another exhibitor send us the pedigree of one of its progeny (also attached), who we later found out has also been sold to a show home.

I feel that this is a blatant deliberate violation of the code of ethics, and given her standing as a qualified All Breeds judge and long time breeder of British Bulldogs, not only brings Dogs NSW into disrepute but the whole purebred dog community. As a breed, the British Bulldog is under a high level of scrutiny with regards to health and is an ever increasing target of scammers and backyard breeders and I feel that Ms Phegan should be held to account for questionable breeding practices.

Her actions not only damage the breed and its reputation but undermine the hard work of the ANKC affiliated clubs nationally as well as the National Breed Council. As an All Breeds Judge i feel that she has a responsibility to be setting an example to purebred dog community and upholding the standards and rules that have been put in place and also fostering and educating newer exhibitors instead of taking advantage of them as she has done on this occasion.

Should you wish to discuss this further i will be happy to do so. I have attached the copy of the pedigree that was supplied to me along with the vet report we supplied Ms Phegan as a condition of her return and photo of the progeny in question.

Kind Regards

Lucas Perrett

Dear Mr Perrett

At the recent meeting of the Disputes Assessment Panel your complaint against Mrs Sharon Phegan (nee Edmunds) was considered and DAP have requested I contact you and advised that an Inquiry is declined in relation to the alleged breach of the Code of Ethics Clause 23, re sale of bulldog with heart murmur Grade 2, that there is insufficient evidence that the Breeder knew or should have known of the condition.

Kind regards
